Login:

- Use your registered email and password to log into the system.

- **Note:** Valid login credentials are required to access the system. If you don't have an account or valid credentials, please contact the system administrator or support team for assistance.

3. Navigation:

- After logging in, you will be directed to the dashboard or home page.
- You can navigate through different sections such as events, category and report.

Manage Expenses:

- Go to the Expenses module to add, view, edit, or delete expenses.
- Use the provided forms to input expense details like amount, category, date, etc.

The screenshot shows the 'Expenses' form in the Expense Management System. The form is located on the right side of the page, with a sidebar on the left containing 'Expenses', 'Category', and 'Reports'. The form has the following fields:

- User:** A dropdown menu.
- Amount:** A text input field.
- Date:** A date picker showing 'dd - mm - yyyy'.
- Category:** A dropdown menu.
- Description:** A large text area.
- Create:** A blue button at the bottom of the form.

4. Categorize Expenses:

- Visit the Categories module to manage different categories.
- You can add new categories or edit existing ones.

The screenshot shows the 'Category' form in the Expense Management System. The form is located on the right side of the page, with a sidebar on the left containing 'Expenses', 'Category', and 'Reports'. The form has the following fields:

- Name:** A text input field.
- Description:** A large text area.
- Create:** A blue button at the bottom of the form.

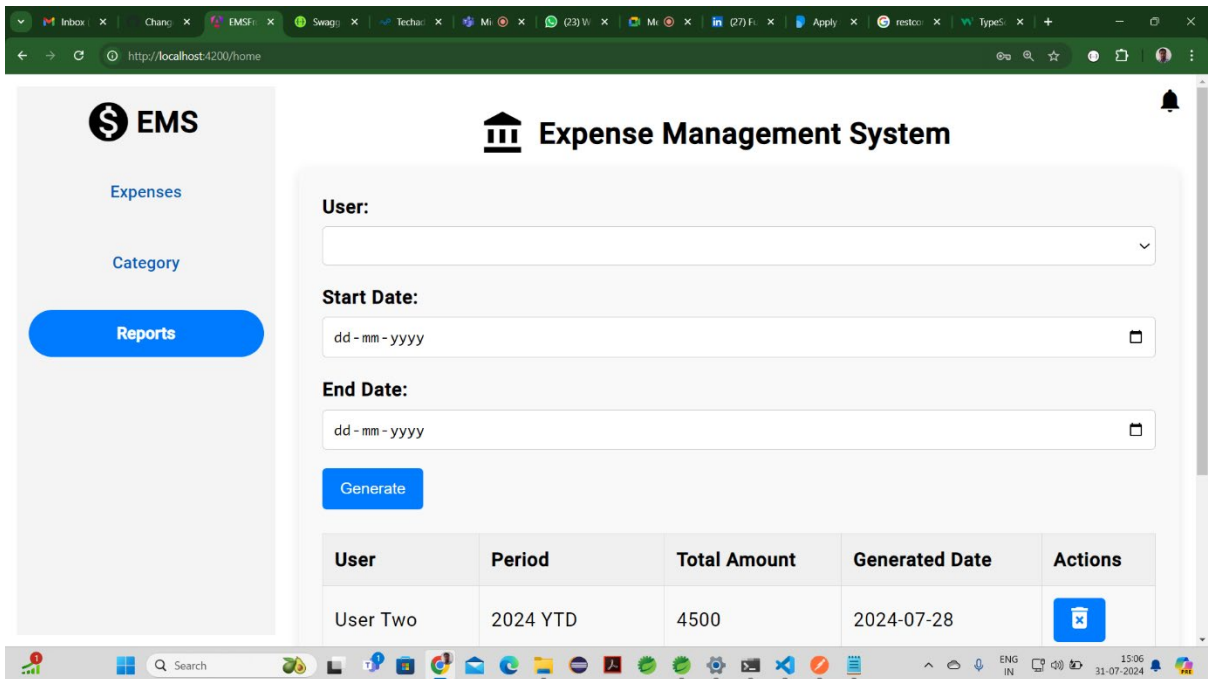

Below the form, there is a table with the following structure:

Name	Description	Actions
Groceries	this is for grocery category	 

5. Generate Reports:

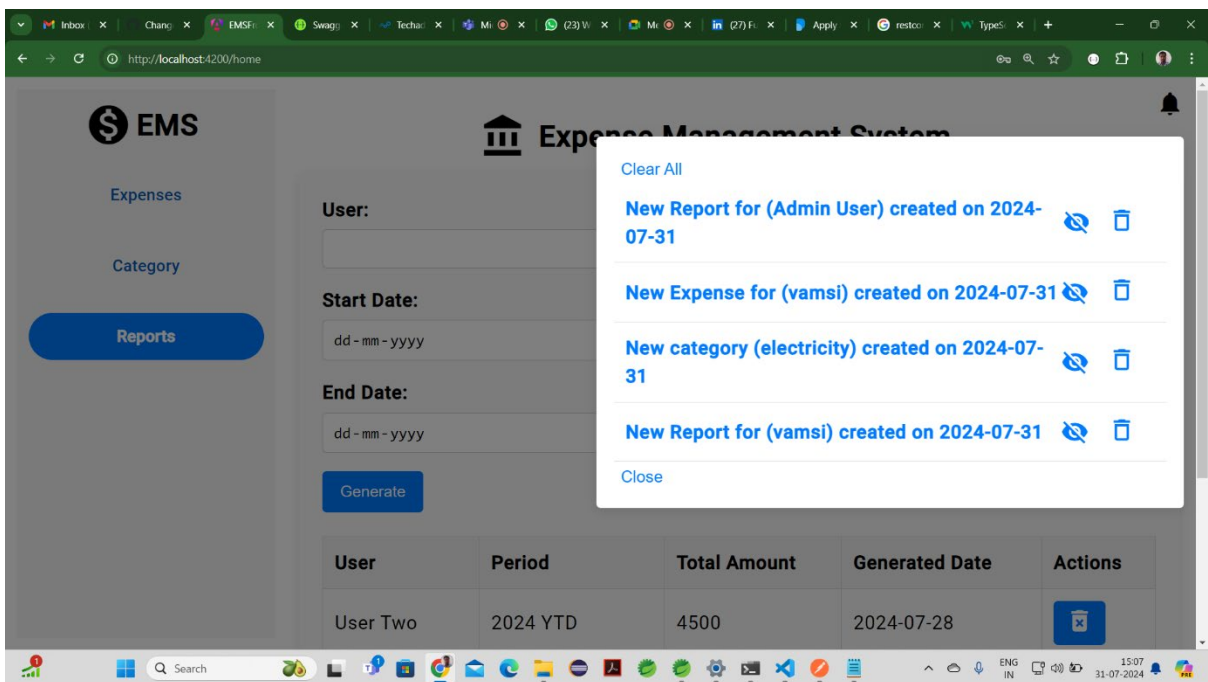

- In the Reports module, you can generate reports based on your expenses.

- Customize the report criteria such as date range, category, and more.

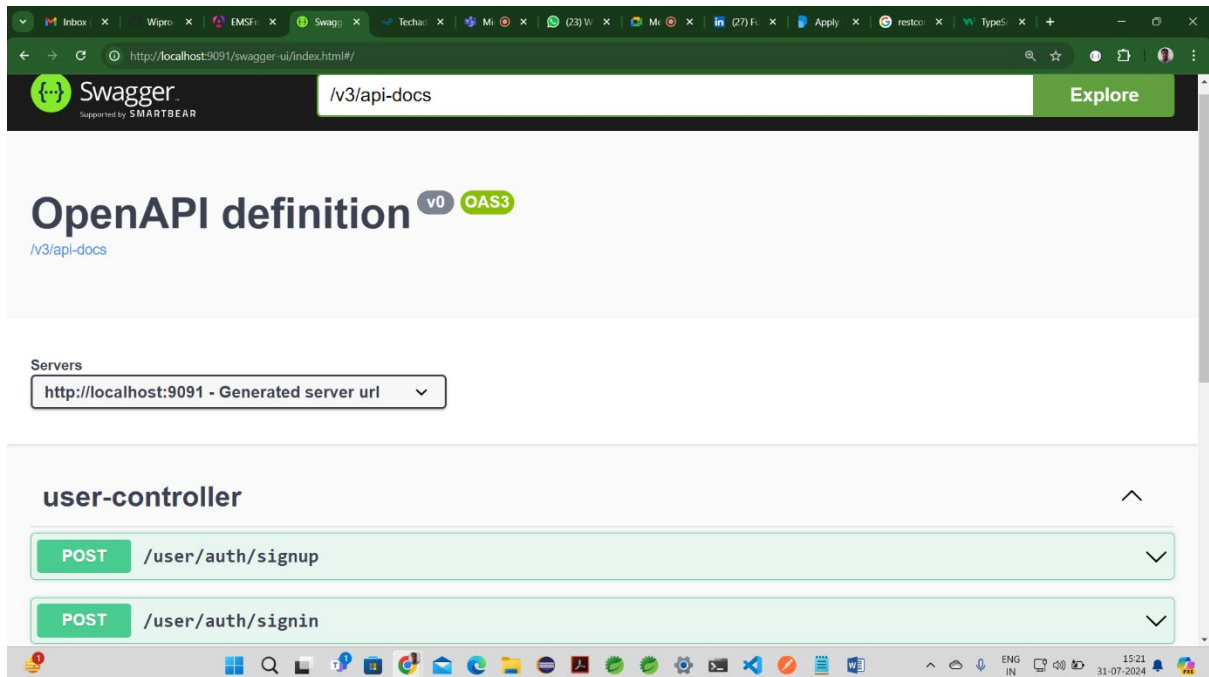

6.Receive Notifications:

- Check the Notifications module for alerts about your expenses or other updates.
